

Dear Botanical Gardens & Nature Center Auction Donor,

Our beloved Moonlight fundraiser returns this year as Moonlight Magic in the Gardens—an evening celebrating the magic of our Gardens.

Now in its 19th year, this signature outdoor gala brings our community together for an unforgettable night of local cuisine, tropical garden strolls, a butterfly release, live music by Diamond's Edge, and a Silent Auction plays a vital role in the Gardens' mission.

Your support helps sustain vital programs centered on:

- *Conservation & Environmental Stewardship*
- *Sustainability Education*
- *Children's Nature Programs & Camp Scholarships*
- *Health, Wellness & Outdoor Learning*
- *Adult Classes & Community Workshops*

Every donation helps us inspire children and adults to connect with nature, understand the importance of biodiversity, and become better stewards of our environment.

Through hands-on programs, school field trips, camps, and workshops, the Gardens provide meaningful experiences that foster appreciation for native plants, pollinators, wildlife, and healthy outdoor living.

We invite you to support Moonlight Magic in the Gardens by donating an item, service, experience, or gift certificate to our Silent Auction. Your generosity will help protect and grow a place where conservation, education, and community thrive.

Thank you for helping us create a greener, healthier, and more connected future.

*With sincere appreciation,
Your Magical Moonlight Team*
